

FRANCIS A. "IKE" COOK, PRINCIPAL

Mr. Cook serves as a Senior Project Manager for Blue Line Engineering. Mr. Cook has over 21 years of municipal engineering, directly involved with conceptual planning, administering funding, design, wastewater operation, construction administration and inspection of projects ranging from \$20,000 to \$95,000,000 throughout New York. Mr. Cook has worked with a multitude of state and federal funding agencies including the NYSEFC, USDA RD, NYSERDA, and HUD Community Block Grant to secure monies for infrastructure projects.

Mr. Cook has a successful track record of presenting both large and small capital improvement projects for public hearings, public informational meetings as well as presenting to municipal boards.

An experienced technical writer who has authored numerous engineering reports for municipal and privately-owned wastewater and water treatment facilities.

EDUCATION

SUNY College of Technology at Canton, Associate of Science in Civil Engineering Technology, 1993

Rochester Institute of Technology, Bachelor of Science in Civil Engineering Technology, 1996

AFFILIATION

New York Water Environment Association
Water Environment Federation
New York State Society of Professional Engineers

PROJECT EXPERIENCE

Wastewater Treatment, Collection and Pumping Systems

- Town of Watertown, Jefferson County New York – Sewer District No.1 – System Upgrades
- Village of Owego, Tioga County, New York – Village of Owego Wastewater Collection and Treatment Upgrades.
- Village of Canaseraga, Allegany County, New York – Sanitary Sewer Collection and New Wastewater Treatment Project
- Town of Windham, Greene County New York – New Wastewater Treatment Facility
- Town of Windsor, Broome County, New York – New Wastewater Treatment Facility
