

Jeffrey J. Tubolino, P.E.
President

Mr. Tubolino has over 18 years of experience specializing in project management, and design of wastewater treatment facilities, sanitary sewer systems and pumping stations. Expertise in preparing studies, design drawings and specifications, engineering reports, and facility plans.

Strong background in the design of new wastewater treatment facilities and in the rehabilitation to inefficient or antiquated wastewater infrastructure. In depth knowledge of lift stations, headworks treatment, fixed film treatment, activated sludge treatment, biological nutrient removal, sequencing batch reactors (SBRs), chemical and ultraviolet disinfection systems, chemical feed systems, effluent water re-use systems, aerobic sludge digestion, anaerobic sludge digestion and sludge dewatering.

A trusted partner to municipalities, providing guidance during regulatory agency approvals, design, bidding and construction phases of projects.

EDUCATION

A.A.S. Civil Engineering Technology, SUNY Canton, 1996
B.S. Civil Engineering Technology, SUNY Institute of Technology, 1998

CERTIFICATION/AFFILIATION

Professional Engineer, New York
Member, NY Water Environment Association

PROJECT EXPERIENCE

Wastewater Treatment Plants

Saratoga County
Village of Hamilton
Village of Trumansburg
Village of Dansville
Village of Newark
Village of Dryden
Village of Belmont
Town of Jasper
Village of Lima
Village of Bath
Village of Hoosick Falls
Village of Goshen
Village of Bainbridge
Village of Lowville
Children's Home RTF, Chenango County
NAS Sigonella Augusta Bay Italy, US Navy
Harriman, Orange County
Opus East-Industrial Park, Orange County

Sanitary Sewer Pump Stations and Collection Systems

Village of Bath
Town of Leicester
Village of Mt. Morris
Town of Geneseo
Town of Ontario
American Rock Salt, Livingston County
Albany County Sewer District
Village of Bainbridge
Saratoga Gaming, JCJ Architecture, Inc.
Village of Bainbridge
Town of Halfmoon
University of Albany
Mount St. Mary's University
Town of Oswego

System Analysis and Reporting

Engineer's Report, PFOA Removal for WTP, Village of Hoosick Falls
WWTP Improvements, Village of Cayuga
WWTP Improvements, Village of Lowville
Joint WWTP, Town of Aurelius and Village of Cayuga
WWTP Headworks Project, Village of Union Springs
WWTP Conveyance Improvements, Town of Geneva
WWTP Planning Study, Town of Marion
WWTP Improvements, Town of Colton
Sewer Collection System Improvements, Village of Hoosick Falls
WWTP Improvements, Village of Bainbridge
Nickel Plating Treatment Process, CeramTec
Facility Plan, Village of Hamilton
Facility Plan, Village of Trumansburg
Facility Plan, Village of Bath
Facility Plan, Village of Marcellus
Compost Feasibility Study, Village of Dolgeville
WWTP Aeration System Evaluation, Village of Seneca Falls
WWTP Consolidation Study, Towns of Hume and Caneadea
Annual WWTP Plant Headworks Analysis, Village of Seneca Falls
SPDES Compliance Support Services, Town of Waterford
Sewer District Map, Plan and Report, Town of Hague
Sanitary Sewer I & I Investigation, Village of Bainbridge
